ABOUT

In The Image is a non-profit in Grand Rapids that has been supporting the basic needs of community members for over 30 years. Through community support, we provide clothing, shoes, household essentials, and hygiene necessities to local families at no cost. We offer low-barrier access to basic necessities for our neighbors in need.

The SHOES (Shoes Help Our Elementary Students) Program began in 1996. In The Image identified that the beginning of the school year can be a costly time for already struggling families. We saw the opportunity to step in and support children as they embark on their new school year, instilling them with confidence, joy, and the tools they need for success.

This year, the SHOES Program requires nearly 600 volunteers and over \$100,000 of support. In addition to providing a free pair of athletic shoes, The Program includes free services such as vision screenings and dental checks. There are also area businesses and nonprofits present to connect families to local resources that help support healthy families and healthy kids. Please join us in helping local kids start the school year on the right foot!

Event Highlights

Support students and families at the start of the school year.

Invite participants to learn about healthy activity and healthy lifestyle choices.

Provide free resources and connections to community supports.

NON-PROFIT ENGAGEMENT

Join us!

We warmly invite your organization to celebrate elementary students this year by participating in the SHOES Program. We have two options that allow non-profit organizations to engage with participants and their families. The options are meant to be within reach for any organization who desires to be involved - we want you there! SHOES is an opportunity to get students and families engaged with local non-profits who can support their success throughout the coming school year.
